

SPINN

Rotary screw compressors

kW 5,5 - 7,5 - 11
bar 8 - 10

The advantages

A range of rotative screw compressors designed to give real solutions to the compressed air end-user, thanks to its utilization simplicity, quietness, its extreme user-friendly maintenance, compactness and reliability.

From the craftsman to the industrial application:

SPINN

+ simple
+ silent
+ economic

"Check Control" Electronic Control Panel

Controls all the compressor functions, supplies all necessary informations for the correct and best operativity and maintenance.

Covers all the following functions:

- U emergency button
- U pressure gauge
- U hour counter
- U voltage presence
- U load / idle running, timed stop
- U incorrect rotation / phase sequence relay
- U main motor thermal overload protection
- U high air/oil temperature
- U maintenance program table.

- 1 Air end TriAB 51
- 2 Electric main motor IP54
- 3 Transmission belts
- 4 Belts automatic stretcher
- 5 Air/oil separator tank
- 6 Oil filter
- 7 Air/oil separator filter
- 8 Electric fan
- 9 Oil cooler
- 10 Air filter
- 11 Air In-take valve
- 12 "Check Control" Control panel
- 13 Star Delta Starter

Technical data

SPINN basic version

Model	Pressure		Capacity		Motor Power kW/HP	Air end	Noise level dB(A)	Dimensions mm Length x Width x Height	Weight Kg
	bar	psi	m ³ /min	CFM

	10	145	1,40	49,5					

Technical data may vary without notice

WORKING CONDITIONS:
 - Intake air pressure 1 bar
 - Air temperature at intake 20°C
 - FAD as per ISO 1217
 - Sound levels as per ISO 3744

ORIGINAL SPARE PARTS

8234403	Complete filters kit SPINN 5,5-7,5 kW ordinary maintenance 0-2000 hours
8234404	Complete filters kit SPINN 11 kW ordinary maintenance 0-2000 hours

CUSTOMER SERVICE

A full product support package is available to all of our customers throughout the world. Qualified technical advice and support is provided in strategic locations and in all major countries. Advice on installation, selection, additional equipment, maintenance management and environmental issues is available on request.

ABAC product range

ROTARY SCREW COMPRESSORS

From 2.2 to 200 kW (from 3,0 to 270 Hp),
from 8 to 15 bar

VARIABLE SPEED VERSION

From 11 to 75 kW (from 15 to 100 Hp),
from 6 to 13 bar

PISTON COMPRESSORS

⇒ Direct drive oilfree and lubricated
from 1,5 to 3 Hp, up to 100 liter air receiver,
working pressure from 1 to 10 bar
⇒ Belt driven, lubricated, single stage,
two stage from 2 to 25 Hp, from 27
o 1000 liter air receiver, max pressure 15 bar
⇒ Silenced, belt driven, single stage,
two stage from 2 to 10 hp, up to 500 liter
air receiver, working pressure from 1 to 11 bar

COMPRESSED AIR TREATMENT

⇒ Refrigeration dryer from 16 to 6.000 m³/h
⇒ Oil filters from 3 to 0,01 micron
and carbon filter from 400 to 60.000 l/min
⇒ Cyclonic separators from 30 to 1.200 m³/h
⇒ Oil-water separators from 120 to 1.800 m³/h
⇒ Air receiver from 100 to 5.000 liter

PNEUMATIC TOOLS

Full range of professional air tools
for automotive, building, mechanical,
wood working, nailing and stapling
